### Work experience

**freelance graphic designer**

**Ifelgood247**, Australia

06.2018 - until now

- Developed various marketing programs (brochures, infographics, promotional collateral) and ensuring that my work exceeded the expectations of the client.
- Managed up to 5 projects while under pressure to meet weekly deadlines.
- Conducting user tests on designed websites, ensuring the quality of the designs.
- Recommended the most appropriate graphic design options based on the client's goals.

Feedback on the website for freelancers:

„Aleksandra is a pleasure to work with. She is very diligent and co-operative trying hard to meet the customer's needs and expectations. Thanks Aleksandra!” - Martin Upton, director of ifg247

**freelance graphic designer**

**Thinkspace** (former Typethink), USA

04.2016-02.2017

- Created e-commerce design solutions for jewellery online stores on a daily basis.
- Using HTML tools to extract needed materials on vendors' web pages, that improved my knowledge about HTML and CSS.
- Supervised the optimization of visual assets and managing the content on cloud services.

Feedback on the website for freelancers:

„Aleksandra worked with us for many months and overall was a great complement to our team. She paid strong attention to detail, and overall her designs went well beyond what was requested. We highly recommend her.” - Dominik Radominski, director of Thinkspace
